Penwith Landscape Partnership	Cornwall Wildlife Trust	Cornwall Wildlife Trust	Local	1								Habitat various	Project	The Penwith Landscape Partnership was formed in 2014 by a group of community organisations and individuals who came together with a shared aim to support the understanding, conservation and enhancement of the Penwith Landscape as a sustainable living, working landscape.	2014-2023	<a href="https://www.penwithlandscape.org.uk/">https://www.penwithlandscape.org.uk/</a>	<a href="https://www.penwithlandscape.org.uk/1819/P1800/P1800.pdf?set=101">https://www.penwithlandscape.org.uk/1819/P1800/P1800.pdf?set=101</a>			
Penwith Landscape Recovery	Cornwall Wildlife Trust	Cornwall Wildlife Trust	Local	1								Habitat various	Project	The partnership's delivery phase finished in September 2023 with a legacy steering group forming to collaborate on future opportunities. The group consists of CAPS, Cornwall AONB, Cornwall Council, Cornwall Heritage Trust, Cornwall Wildlife Trust and National Trust. The exact nature of the work is unclear. Classification: CWT.	2024-?	<a href="https://www.cornwallwildlifetrust.org.uk/about-us/our-connections/our-connections-landscape-recovery-project">https://www.cornwallwildlifetrust.org.uk/about-us/our-connections/our-connections-landscape-recovery-project</a>				
Ancient Woodland Inventory Review	Cornwall Wildlife Trust	Cornwall Wildlife Trust	Local	1								Habitat Woodland	Mapping	There is a new SSSI in the far west of Cornwall across the moors and downs of Penwith. It's a special and ancient place, rich in wildlife and ancient trees, yet it's being worked hard. However, the SSSI is in unfavourable condition and features on the edge of species loss. The landowners need to see widespread cattle grazing return. The trees need careful clear water felling or through the felling of the area to become isolated and drive once again. This project will enable the many small family farms to rise to this challenge, for the benefit of everyone. Phase 1 of the Landscape Recovery Project began in 2024.	2022-2024	<a href="https://www.cornwallwildlifetrust.org.uk/about-us/our-connections/our-connections-landscape-recovery-project">https://www.cornwallwildlifetrust.org.uk/about-us/our-connections/our-connections-landscape-recovery-project</a>				
Seaborn Thinking	Cornwall Wildlife Trust	Cornwall Wildlife Trust	Local	1								Habitat Farmland	Project	The project involves various phases of work in order to take steps further and further back in time, to determine whether woodlands present in Cornwall today were likely to be present in the 1800s following the methodologies outlined in the AHW update handbook. There is always a degree of uncertainty when using historical documents. However, using multiple historical sources, as well as ground-truthing, field evidence and local records all help inform the inventory.	current phase 2020-2025	<a href="https://www.cornwallwildlifetrust.org.uk/about-us/our-connections/our-connections-landscape-recovery-project">https://www.cornwallwildlifetrust.org.uk/about-us/our-connections/our-connections-landscape-recovery-project</a>				
Dynamic Dunescape	Cornwall Wildlife Trust	Cornwall Wildlife Trust	Local	2								Habitat Sand Dunes	Project	Wilmot Thinking (WT) is a South West Wales based initiative to protect water quality in the South West. Through WT we work with farmers and landowners across 4 drinking water catchments in West Cornwall to:	Unknown, now ended	<a href="https://www.cornwallwildlifetrust.org.uk/about-us/our-connections/our-connections-landscape-recovery-project">https://www.cornwallwildlifetrust.org.uk/about-us/our-connections/our-connections-landscape-recovery-project</a>				
27 Legacy Project	Cornwall Wildlife Trust	Cornwall Wildlife Trust	Local	8								Habitat various	Project	Encourage clean water through reducing the risk of soil, nutrients and pesticides entering rivers and streams Enhance wildlife habitats Encourage better evidence to extend weather brought about by climate change We achieve this through building strong relationships with farmers to find solutions that benefit farm businesses as well as wildlife and the wider environment. Our team of qualified ecologists and farm advisors offer fully funded advice on soil catchments on soil and nutrient management, management of wildlife habitats, and support with applications to countryside ownership and our LEI Capital grant. We also run a volunteer group in each catchment, providing free practical help with land management tasks like hedging, ditch cleaning and habitat management.	Unknown, now ended	<a href="https://www.cornwallwildlifetrust.org.uk/about-us/our-connections/our-connections-landscape-recovery-project">https://www.cornwallwildlifetrust.org.uk/about-us/our-connections/our-connections-landscape-recovery-project</a>				
Next Door Nature	Cornwall Wildlife Trust	Cornwall Wildlife Trust	Local	5								Habitat Green Spaces	Project	Dynamic Dunescape was a partnership project, involving east Devon across England and Wales for the benefit of wildlife, people and communities. In Cornwall the project is being delivered by Cornwall Wildlife Trust at the different local sand dunes. Penwith Coast near Penzance and The Towns, near Hoop. The project is funded by the National Lottery Heritage Fund and the EU LIFE Programme and delivered alongside various project partners including the Tourism Partnership and Friends of the Towns.	Unknown, now ended	<a href="https://www.cornwallwildlifetrust.org.uk/about-us/our-connections/our-connections-landscape-recovery-project">https://www.cornwallwildlifetrust.org.uk/about-us/our-connections/our-connections-landscape-recovery-project</a>				
Tot to Stone	Cornwall Wildlife Trust	Cornwall Wildlife Trust	Local	81	91							Habitat various	Project	Our Next Door Nature project focused on the Carnebone and Redruth areas where we worked with local organisations and community groups to help engage and empower people to take action for nature.	March-June 2015	<a href="https://www.cornwallwildlifetrust.org.uk/about-us/our-connections/our-connections-landscape-recovery-project">https://www.cornwallwildlifetrust.org.uk/about-us/our-connections/our-connections-landscape-recovery-project</a>				
Prodeau Woods CWT Reserve Breeding Bird Survey 2015	Cornwall Wildlife Trust	Cornwall Wildlife Trust	Local	8								Species Birds	Survey	Tot to Stone is an ambitious new project from Cornwall Wildlife Trust, made possible with the National Lottery Heritage Fund.	July-August 2021	<a href="https://www.cornwallwildlifetrust.org.uk/about-us/our-connections/our-connections-landscape-recovery-project">https://www.cornwallwildlifetrust.org.uk/about-us/our-connections/our-connections-landscape-recovery-project</a>				
Rhododendron areas compartments	Cornwall Wildlife Trust	Cornwall Wildlife Trust	Local	4								Species Invertebrates	Survey	For to Stone we create a local Nature Recovery Network spanning across land and sea - one of the first of its kind in the UK. Bringing together leading ecologists, sustainable farming practices, and nature conservation activities, all supported by communities.	Dec-09	<a href="https://www.cornwallwildlifetrust.org.uk/about-us/our-connections/our-connections-landscape-recovery-project">https://www.cornwallwildlifetrust.org.uk/about-us/our-connections/our-connections-landscape-recovery-project</a>				
Prodeau Wood Moth Trap July and August	Cornwall Wildlife Trust	Cornwall Wildlife Trust	Local	1								Species Lepidoptera	Survey	From the granite boulders of Minian Tor, through terraced land overlooking the River, into the magnificent woods of St Austell Bay, the 18th-century site of Cornwall Wildlife Trust project will bring nature back.	July-August 2021	<a href="https://www.cornwallwildlifetrust.org.uk/about-us/our-connections/our-connections-landscape-recovery-project">https://www.cornwallwildlifetrust.org.uk/about-us/our-connections/our-connections-landscape-recovery-project</a>				
Li-Cox survey results and management plan	Cornwall Wildlife Trust	Cornwall Wildlife Trust	Local	1								Species Vascular	Management Plan	Report of breeding birds surveyed on the reserves between the 10th March and the 13th of June 2015	2001	<a href="https://www.cornwallwildlifetrust.org.uk/about-us/our-connections/our-connections-landscape-recovery-project">https://www.cornwallwildlifetrust.org.uk/about-us/our-connections/our-connections-landscape-recovery-project</a>
